Minimum Wages for Federal and Federally Assisted Construction

Area Wage Determination Decisions, Modifications and Supersedeas Decisions

DEPARTMENT OF LABOR

Employment Standards Administration

MINIMUM WAGES FOR FEDERAL AND FEDERALLY ASSISTED CONSTRUCTION

Area Wage Determination Decision, Modifications and Supersedeas Decisions

New determination. There is set forth below general Area Wage Determination Decision No. AM-11,423 of the Secretary of Labor. This decision specifies, in accordance with applicable law and on the basis of information available to the Department of Labor from its study of local wage conditions and from other sources, the basic hourly wage rates and fringe benefit payments which are determined to be prevailing for the described classes of laborers and mechanics employed in construction activity of the character and in the locality specified therein. The decision is applicable to Federal and federally assisted construction in the described locality within the State of Texas.

The determinations in this decision of such prevailing rates and fringe benefits have been made by authority of the Secretary of Labor pursuant to the provisions of the Davis-Bacon Act of March 3, 1931, as amended (46 Stat. 1494, as amended, 40 U.S.C. 276a) and of other Federal statutes referred to in 29 CFR 1.1 (including the statutes listed at 36 F.R. 306 following Secretary of Labor's Order No. 24-70) containing provisions for the payment of wages which are dependent upon determinations by the Secretary of Labor under the Davis-Bacon Act; and pursuant to the provisions of Part 1 of Subtitle A of Title 29 of the Code of Federal Regulations, Procedure for Predetermination of Wage Rates, and of Secretary of Labor's Orders 12-71 and 15-71 (36 F.R. 8755, 8756). The prevailing rates and fringe benefits determined in this decision shall, in accordance with the provisions of the foregoing statutes, constitute the minimum wages payable on Federal or federally assisted construction projects to laborers and mechanics of the specified classes engaged on contract work of the character and in the locality described therein.

Good cause is hereby found for not utilizing notice and public procedure thereon prior to the issuance of this determination as prescribed in 5 U.S.C. 553 and not providing for delay in effective date as prescribed in that section, because the necessity to issue construction industry wage determinations frequently and in large volume causes procedures to be impractical and contrary to the public interest.

This wage determination is effective for a period of 120 days from the date of publication in the FEDERAL REGISTER and is to be used in accordance with the provisions of 29 CFR Part 5. Accordingly, this determination together with any modifications issued subsequent to this date during this 120-day period, shall be made a part of every contract for performance of the described work within the geographic area indicated as required by an applicable Federal prevailing wage law and 29 CFR Part 5. The wage rates contained therein shall be the minimum paid under contract by contractors and subcontractors on the work.

The area wage determination decision for the locality within the State of Texas is set forth below.

Modifications and supersedeas decisions to area wage determination decisions. Modifications and/or supersedeas decisions to area wage determination decisions for specified localities in Alabama, Arkansas, Delaware, District of Columbia, Illinois, Indiana, Louisiana, Maryland, Massachusetts, New Mexico, Oklahoma, Pennsylvania, Tennessee, Texas, and Utah.

Area wage determination decisions published in the FEDERAL REGISTER on the following dates:

Are hereby modified and/or superseded as set forth below. Supersedeas decision numbers are in parentheses following the number of the decision being superseded.

These modifications and/or supersedeas decisions are based upon information obtained concerning changes in prevailing hourly wage rates and fringe benefit payments since these determinations were issued.

The determinations of prevailing rates and fringe benefits made in these modifications and/or supersedeas decisions have been made by authority of the Secretary of Labor pursuant to the provisions of the Davis-Bacon Act of March 3, 1931, as amended (46 Stat. 1494, as amended, 40 U.S.C. 276a) and of other Federal statutes referred to in 29 CFR 1.1 (including the statutes listed at 36 F.R. 306 following Secretary of Labor's Order No. 24-70) containing provisions for the payment of wages which are dependent upon determination by the Secretary of Labor under the Davis-Bacon Act; and pursuant to the provisions of Part 1 of Subtitle A of Title 29 of Code of Federal Regulations, Procedure for Predetermination of Wage Rates, and of Secretary of Labor's Orders 13-71 and 15-71 (36 F.R. 8755, 8756). The prevailing rates and fringe benefits determined in the foregoing area wage determination decisions, as hereby modified, and/or superseded shall, in accordance with the provisions of the foregoing statutes, constitute the minimum wages payable on Federal and federally assisted construction projects to laborers and mechanics of the specified classes engaged in contract work of the character and in the localities described therein.

The modifications and/or supersedeas decisions are effective from their date of publication in the FEDERAL REGISTER until the end of the period for which the determinations being modified and/or superseded were issued and are to be used in accordance with the provisions of 29 CFR Part 5. The modifications and/or supersedeas decisions to the area wage determination decisions listed above are set forth below.

Any person, organization, or governmental agency having an interest in the wages determined as prevailing is encouraged to submit wage rate information for consideration by the Department. Further information and self-explanatory forms for the purpose of submitting this data may be obtained by writing to the U.S. Department of Labor, Employment Standards Administration, Office of Special Wage Standards, Division of Wage Determinations, Washington, D.C. 20210. The cause for not utilizing the rulemaking procedures prescribed in 5 U.S.C. section 553 is set forth in the document being modified.

Signed at Washington, D.C., this 2d day of June 1972

HORACE E. MENASCO,
Administrator,
Wage and Hour Division.

NEW DECISION

STATE: Texas
DECISION NO.: AH-11,423

UTAH
AREA DEFINITIONS
for
Truck Drivers & Operating Engineers (1-3)

**AREA 2: All areas not included within Area 1 as defined below.

*Area 1: All areas included in the description defined below which is based upon township and range-lines as referenced to the Salt Lake City Base and Meridian:

Commencing at the intersection of the Utah-Nevada border and the Northerly line of Township 36S, thence easterly along the northerly lines of Township 36S to the Northeast corner of Township 36S, Range 17W.

Thence Northerly to the N.W. corner of township 35S, range 16W;
Thence Easterly to the N.E. corner of township 35S, range 16 W;
Thence Northerly to the N.W. corner of township 31S, range 15 W;
Thence easterly to the N.E. corner of township 31S, range 15 W;
Thence Northerly to the N.W. corner of township 26S, range 14 W;
Thence Easterly to the N.E. corner of township 26S, range 14 W;
Thence Northerly to the N.W. corner of township 25S, range 13 W;
Thence Easterly to the N.E. corner of township 25S, range 13 W;
Thence Northerly to the N.W. corner of township 24S, range 12 W;
Thence Easterly to the N.E. corner of township 24 S, range 12 W;
Thence Northerly to the N.W. corner of township 19 S, range 11 W;
Thence Easterly to the N.E. corner of township 19 S, range 11 W;
Thence Northerly to the N.W. corner of township 17 S, range 10 W;
Thence Easterly to the N.E. corner of township 17 S, range 10 W;
Thence Northerly to the N.W. corner of township 16 S, range 9 W;
Thence Easterly to the N.E. corner of township 16 S, range 9 W;
Thence Northerly to the N.W. corner of township 15 S, range 8 W;
Thence Easterly to the N.E. corner of township 15 S, range 8 W;
Thence Northerly to the S.W. corner of township 7 S, range 7 W;
Thence Westerly to the S.W. corner of township 7 S, range 10 W;
Thence Northerly crossing the Salt Lake Base line to the N.W. corner of township 6 N, range 10 W;
